since 1949

The Elan E Line delivers

uncompromised

sailing performance, combined with abundant comfort and shorthanded solutions.

The E Line is based on Elan's signature performance-oriented boatbuilding heritage, and ensures impeccable cruising capabilities both on deck and below. The Elan E Line yachts are true dual-purpose yachts without compromise.

Discover the

upgrades

and redesigned features available on all models of the E Line.

Our development never stops, as we are always striving to deliver better solutions and improve on existing ones.

1. Enlarged pedestals for chartplotters and integrated handrail
2. New main sheet arrangement
3. Split backstay
4. Storage boxes
5. Swimming waterline platform (small version)
6. Swimming waterline platform (large version)

The Elan E Line yachts offer the most

enhanced standard

in their class.

The 2019 Elan E Line yachts now come with the most enhanced standard package on the market; with high-performance sailing solutions as prominent as comfort-centered features:

- Premium brands included (Harken, Selden, Spinlock, Gottfredi Maffioli)
- Through-deck Furlex
- Composite steering wheels
- Retractable cleats
- T-mainsheet system
- High-quality framed teak technique
- Removable cockpit table
- Natural oak veneer with solid wood finish furniture
- DAME design award-winning control panel
- 2-blade saildrive composite folding propeller
- Retractable carbon-fibre bowsprit
- Hot water system
- Shades and blinds in cockpit
- Choice of Volvo or Yanmar engine
- Split backstay with mechanical tensioner (hydraulic tensioner as option)
- Larger steering platforms with grabrails
- Tapered keel-stepped mast

Developed for

racing

performance, optimised for cruising comfort.

The Elan E3 is ideal for pure-sailing aficionados who might even enter a regatta or two, but don't want to compromise on comfort when they use their boat for family cruising.

Thanks to her broad stern, chined hull and twin rudders she delivers the excitement of a fast, high-performance boat.

elan ^{E3}

interior

The pure joy of sailing does not have to stop while moored. The Elan E3's bright and airy interior makes no compromises when it comes to onboard comfort and cruising leisure. With a big, social saloon area with standing headroom, a well-equipped galley, and comfortable cabins, the crew will enjoy every minute on this crossover yacht.

The conveniently placed natural oak-veneered furniture offers abundant storage and practical solutions for enjoyable life aboard for your family or friends. The E3 is truly an exciting sailing yacht, especially because it will probably be among the first back to the mooring to secure the best space!

The joy of

fast

sailing, the pleasure of comfortable cruising.

The Elan E4 has it all: an exciting performance pedigree paired with plentiful comfort.

Her broad stern, twin rudders and chined hull deliver excellent control and stability even at high heel angles, even when short-handed.

elan ^{E4}

interior

After sailing there is plenty of space below deck for the crew. The Elan E4's wide beam offers a comfortable two-cabin layout, from the bright, social saloon to the well-equipped galley or the generous head compartment. The spacious nav station on starboard will offer plenty of space for planning regatta tactics or finding the next mooring. The L-shaped galley on portside is well-equipped and functional, with ample storage solutions.

The threecabin layout offers another aft cabin, accommodating two more crew, but without any compromise to their comfort.

The uncompromising

crossover:

speed when you need it, comfort when you want it.

The Elan E5 is designed for demanding sailors who seek a perfect balance between serious, regattawinning performance and elegant, yet dynamic lines with abundant space and comfort.

Her hard chines, twin-rudders, twin-wheels arrangement with precise steering and state-of-the-art deck equipment positioned for shorthanded sailing provide superb sailing performance.

elan *E5*

interior

Below deck the new Elan E5 offers a three-cabin layout with the option of one or two heads. The saloon features a spacious and modern design with an innovative flip-up navigation table transforming into a settee or a berth.

The Elan E5 offers a carefully designed interior with plenty of natural light as well as optional ambient LED strips. The furniture is made of solid natural oak parts and natural oak veneer.

Quality built with

safety

as our number one concern.

The chined hull and laminated bulkheads make the Elan an extremely safe vessel. The hull volume allows for strategically located fresh water tanks, fuel tanks, battery banks mounted lower and at the center of the boat. This lowers the center of gravity, which combined with a well-planned sail plan provides a fast, stable and safe boat when sailing. The construction of the boat with the main bulkheads laminated to the hull and powerful structure provides a tight, stronger boat and thus more safety at sea.
