

The Grand Soleil 46 ELLINORA is now for sale!

This Botin & Carkeek design is a true Performance Cruiser that won the European Yacht of the Year award in 2010. ELLINORA is hull #18 build, and is richly equipped, updated and refitted over the last two years.

Having only had two Owners, and been professionally maintained throughout, this is an absolute must to view if you want something special. The current owner brought her from the Med up to Sweden, where she spent the winter on the hard indoor, as she was prepared for an Atlantic crossing and sabbatical year with the family. After crossing with the ARC in November 2022, she is now up for sale in the Caribbean as the owner has other plans.

This Grand Soleil 46 is the ultimate yacht for the sailors who like to sail with performance, style and in comfort with their family and friends. She is turnkey ready, whether you would like to just cruise or circumnavigate the globe.

### **Extra equipment – Grand Soleil 46 - ELLINORA**
